

RiverBlast® 2009 is going to be the biggest and best RiverBlast® Augusta ever featuring the Augusta area's largest ever 4th of July Fireworks show.

This year July 4th is on Saturday. That means there will be more people looking for free family fun to take their children to. With the 100,000 plus people who attend RiverBlast each year we have the ingredients for an exceptionally successful event with the largest attendance ever.

In addition to a larger crowd, RiverBlast ® 2009 will start at 12 noon and vendors will be required to start tear down at 9pm.

Last year there was some confusion on booth prices and locations. We have new personnel and we are striving to make everyone's RiverBlast® experience, vendors and patrons, the best event possible. We will still be limiting the amount of certain types of vendors in hopes that everyone has an equal opportunity to make money. We have also changed our vendor prices to allow everyone the opportunity to be a part of RiverBlast®. Once your application and payment are received, you will immediately be placed on our event map and that will secure your participation in this year's RiverBlast®.

As always, we look forward to seeing all of you at RiverBlast® 2009. We are confident that this year's event will be one of the best events that you will attend this year and our fireworks show will most definitely be more spectacular than ever before!
